Introducing our new 2nd Presbyterian Lake Fellow

Joshua (Josh) Stanley will be CPC's new 'once-a-month' preacher, as part of the 2 year residency Lake Fellow program at Second Church. Josh was born and raised in Greensboro, North Carolina. In 2009 he attended North Carolina State University (Go, Wolfpack!), where he earned a Bachelor of Science in Human Biology with the hope of going to medical school. But his plans changed when, during his summers in college, he worked at several churches, including Village Presbyterian in Kansas and First Presbyterian of Greensboro, where he discovered his passion for ministry with all ages. Through these experiences Josh felt called away from medicine and toward a life in ministry.

He attended Columbia Theological Seminary, earning a Master of Divinity earlier this year. During his time at Columbia, Josh worked with Morningside Presbyterian Church and felt the Holy Spirit truly enriching his life through the development of a deep understanding of theology and worship. Josh is excited to join the Lake Fellow residency at Second Presbyterian Church, bringing his passion for ministry and his southern hospitality. Outside of the church he is engaged to his wonderful fiancée Rachel and keeps his hands full with their mini-poodle Snuffy. Josh enjoys being surrounded by books, hiking, camping, running, and traveling to all corners of the world.

Calling All Singers!

If you enjoyed coming together in the "Walk Up Choir" this summer — then you need to join us on Wednesday evenings at rehearsal. **REHEARSALS RESUMED SEPTEMBER 7.**

The Chancel Choir starts rehearsal at 7:30 in the sanctuary.

Choir Director, Grace Long, encourages any and all of you to join in this special ministry. There are special blessings to those who join the choir. If you need a ride, let a choir member know of your interest.

The chime choir has lost two members as of this spring, Hannah Strebing and John Long. If we are to continue to have a chime choir, we will need a couple of people to become members. This would be persons who have most Wednesday evenings free from 7:00 to 7:30 p.m. Please consider this thoughtfully if you read music.

FALL WORK DAY SCHEDULED

The Fall Work day has been scheduled by the Stewardship Commission for **Sunday, September 18 after worship.** Lunch will be provided. Bring your clippers, rakes, work gloves. We'll be sprucing up the outside of the building preparing for cooler temperatures.

First CPC Euchre Night was a Success!

A wrap up of the first night of Euchre. I was told by Arlene "***it was a successful night***". Thank you Arlene. We had 21 signed up and 14 were present on the first night. I thought that was outstanding. There was one new to the game and one that hasn't played for 25 years. We want to congratulate Karyl for obtaining the highest score for the night, 42. Thanks to everyone for participating, YOU made it successful.

317 Area Code: Changes Are Coming

If you live in the Indianapolis metropolitan area, you need to prepare for changes in how you make local telephone calls.

- **Starting this fall, all local calls in the 317 area code will require 10-digit dialing.** In other words, you'll need to dial 317-XXX-XXXX to complete a local call.
- **A grace period started on March 19, 2016.** While the grace period is still in effect, you'll be able to complete local calls with either 7 or 10 digits.

The grace period had been scheduled to end on October 16, 2016.

- The new dialing pattern is necessary so that new telephone numbers can be added when needed. Starting before the end of 2016, new numbers will be assigned using either the 317 area code or the new 463 area code.
- The new 463 area code is needed because of the low supply of available 317 phone numbers. 317 had been projected to run out of available numbers as early as 2003. While number conservation efforts by state government and the telecommunications industry delayed the need to add a new area code for more than a decade, the number supply finally reached the point – in 2014 – of requiring the addition of a new area code.
- All new area codes that have been added in the United States since 2008 have used the “overlay” approach, instead of the geographic split that was primarily used before then. With overlays, consumers do not have to change their existing phone numbers. The new area code is used only for new numbers and services. The Indiana

Utility Regulatory Commission (IURC) approved the use of the overlay method for the new code in April 2015, following a 9-month proceeding. The case included a public comment period and a series of 5 public field hearings throughout the Indianapolis metropolitan area. The telecommunications industry and the Indiana Office of Utility Consumer Counselor (OUCC) both recommended the overlay approach in testimony before the Commission.

- 10-digit dialing was introduced in southern Indiana in 2015, with the new 930 area code now overlaying the 812 code. 29 states now use 10-digit dialing for local calls to varying degrees. In four states (Connecticut, Maryland, Oregon, and West Virginia), 10-digit dialing is in effect statewide.

If you have a 317 phone number, your number will not change. But:

You will need to dial 10 digits (area code + number) for each local call.

Calls that were local before 10-digit dialing will still be local. Rates and local calling areas do not change because of 10-digit dialing or a new area code.

- Toll calls will still use 11 digits (1 + area code + number).
- You will be able to use either 7 or 10 digits to complete local calls during the grace period. If you try to make a local call using 7 digits after the grace period ends, a recording will ask you to try again with 10 digits.
- Any 7-digit numbers in fax machines, alarm systems, and other devices and systems need to be reprogrammed to include the area codes.
- **Any safety and security equipment, including medical alert devices and alarm systems, must be programmed to use 10-digit dialing. If you are not sure whether your equipment needs to be reprogrammed, contact your medical alert or security provider. Any needed reprogramming should be done immediately.**
- If you have advertising materials, signage, stationery, or identification tags with 7-digit phone numbers, they will need to be updated to include the 317 area code.

Calls to three-digit services such as 211, 811 and 911 still work the same as they do now.

Thanks So Much

*A special thanks to
the youth group for all
their time & donations to
our party.
Also, a thanks to the
women's group for collecting
items for the Christmas tree.
Blessings to all of you!*

Angel Connection Needs These Items

Angel Connection would like CPC to focus on these items in September—

- Cake Mixes
- Icing
- Flour
- Sugar

There will be different items for October. We are one of four churches in the immediate area rotating items to ensure Angel Connection has adequate supplies to meet the demand.

Food Drive

We're so happy to see you take such an interest in helping other children and their families. Your gift of food is extra special to them!

Thank you so much – from our hearts. You're awesome!!

Christ Presbyterian Church wants God to be a vital part of our lives as we reach out to our community and we embrace the following Vision Statement:

We believe that God is calling us to be the open arms, the healing hands, and the loving hearts of the body of Christ in our community.

Newsletter Articles needed

The Courier is only helpful if events

and plans are submitted to the church office to be included. If your commission, or group is planning an activity and would like it broadcast to the membership via the newsletter — please submit articles (pictures too if you have them) to office@christpresby.org by the last Monday of the month.

Next deadline is Monday, September 26.
